INDEPENDENT AUDITOR'S REPORT

To The Board of Directors
Regional Access Project Foundation
Palm Desert, California

We have audited the accompanying financial statements of Regional Access Project Foundation (a nonprofit organization), which comprise the statement of financial position as of June 30, 2014 and the related statements of activities and changes in net assets, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements. The prior year summarized comparative information has been derived from the organization's financial statements for the year ended June 30, 2013, and in our report dated November 7, 2013 we expressed an unqualified opinion on those financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Regional Access Project Foundation as of June 30, 2014, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Notes To Financial Statements

NOTE 1 - NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Activities

Regional Access Project Foundation (the Organization) was incorporated on October 8, 1992, for the purpose of enhancing and facilitating health, mental health and juvenile services in Eastern Riverside County, California. The Organization's corporate offices are located in Palm Desert, California. The Organization's primary program services include financial grants and technical assistance to qualified exempt organizations throughout Eastern Riverside County. The Organization is both publicly and privately funded. The Organization receives grants from other exempt organizations and foundations, as well as private contributions from individuals. The Organization's primary source of annual funding is tax increment funds received under an agency agreement with the County of Riverside (the "County"). During the current and prior years, the Organization also received significant grant funding from The California Endowment ("TCE").

Support and Revenue

Grants and contributions are generally available for unrestricted use in the related year unless specifically restricted by the donor. Grants and other contributions of cash and other assets are reported as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Contributions of donated noncash assets are recorded at their fair value in the period received. Contributions of donated services that create or enhance nonfinancial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received.

The annual tax increment funding from the County of Riverside is accrued each quarter based upon calculations provided by the County. Payments are received semi-annually.

Grants, Contracts and Accounts Receivable

Grants, contracts and accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a provision for bad debt expense and an adjustment to a valuation allowance based on its assessment of the current status of individual receivables from grants and contracts and individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to the applicable receivable.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the Statement of Financial Position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

Year Ended June 30, 2014

Notes To Financial Statements

NOTE 1 - NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Beneficial Interest in Assets Held by Community Foundations

The Organization has placed a portion of its unrestricted investment funds with two community foundations, Desert Community Foundation and The Community Foundation. The Organization has specified itself as the beneficiary of these assets and accordingly, the funds transferred to the community foundations have been reported as an asset, *Beneficial Interest in Assets Held by Community Foundations*.

Agency Funds

From time to time, the Organization enters into agency service agreements with other exempt organizations. Funds held on behalf of other agencies are maintained in separate accounts and are disbursed in accordance with directives from those entities. Such funds are reported as a liability in the Organization's Statement of Financial Position.

Property and Equipment

The Organization's property and equipment are stated at cost. Property and equipment are depreciated using the straight-line method over estimated useful lives, which range from three to seven years.

Income Taxes

The Organization is a California nonprofit corporation, which operates as a public charity and is exempt from Federal and State Corporate income taxes under Section 501 (c) (3) of the Internal Revenue Code and similar state statutes. Therefore, no provision is made for current or deferred income taxes. The Organization uses the same accounting methods for tax and financial reporting.

U.S. Generally Accepted Accounting Principles provide accounting and disclosure guidance about positions taken by an organization in its tax returns that might be uncertain. Management has reviewed the significant tax positions taken by the Organization in its federal and state information returns and believes that none of the tax positions taken by the Organization will result in contingent tax liabilities. The Organization's tax and information returns are subject to examination by federal and state taxing authorities, generally for three and four years respectively, after they are filed.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Net Assets

Unrestricted Net Assets: This is the portion of net assets over which the governing board has discretionary control for general operations of the Organization. The only limits on unrestricted net assets are limits resulting from contractual agreements.

Temporarily Restricted Net Assets: This is the portion of net assets resulting from contributions, pledges and other inflows of assets whose use by the Organization is limited by donor-imposed restrictions that expire by passage of time or accomplishment of purpose. When the purpose/time restrictions are accomplished, the temporarily restricted net assets are reclassified to unrestricted net assets.

Permanently Restricted Net Assets: These net assets are permanently restricted by donors and are generally in the form of endowments. The Organization has no permanently restricted net assets.

Notes To Financial Statements

NOTE 1 - NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributed Services and Materials

The Organization records donated services and materials when an objective basis is available to measure the value of those donations, and when the services or materials would be purchased if they were not donated. Contributions of donated noncash assets are recorded at their fair value in the period received. Contributions of donated services that create or enhance nonfinancial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received.

The Organization receives donated services from a variety of unpaid volunteers assisting the Organization in its program services and fundraising campaigns. No amounts for such donated services have been recognized in the accompanying financial statements since no objective basis is available to measure the value of such services.

Fair Value Measurements

Generally accepted accounting principles provide guidance on how fair value should be determined when financial statement elements are required to be measured at fair value. Valuation techniques are ranked in three levels depending on the degree of objectivity of the inputs used with each level. The three levels are based on “observable” inputs and “unobservable” inputs:

Level 1 – Valuations based on quoted prices in active markets for identical assets

Level 2 – Valuations based on quoted prices in active or inactive markets for the same or similar assets

Level 3 – Valuations based on estimates using the best information available when there is little or no market and involve management judgment

The Organization is required to measure the following types of assets and the related revenues at fair value: investments, grants and accounts receivable and non-cash contributions. The specific techniques used to measure the fair value for these elements is described in the following notes that relate to each element.

Nature of Prior Period Information

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization’s financial statements for the year ended June 30, 2013, from which the summarized information was derived.

Certain prior-year balances have been reclassified in order for them to conform to current year reporting categories.

Program Services and Functional Allocation of Expenses

The Organization provides the following program services:

Grant Allocations to Other Exempt Entities

The Organization provides cash grants to tax exempt entities that provide health, mental health or juvenile intervention services to residents of Eastern Riverside County. Cash grants are funded annually from the tax increment funding received under the agreement with the County of Riverside.

Notes To Financial Statements

NOTE 1 - NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Program Services and Functional Allocation of Expenses- Continued

Technical Assistance Program (“TAP”)

While cash grants are a major part of the Organization’s activities, grants of technical assistance became a priority when it was found that a variety of exempt organizations did not have the tools necessary to manage their organizations or grants. The Technical Assistance Program is funded by monies received annually from the County of Riverside. Other grants to the organization come from other sources including The California Endowment.

Building Healthy Communities (“BHC”)

Building Healthy Communities is one of fourteen sites throughout the State of California that focuses on impacts to economically disadvantaged areas working to build better quality of life for residents of the Coachella, Thermal, Mecca and North Shore areas of the County of Riverside. The California Endowment granted funds to the organization for the activities of the BHC project. Funds for this program service are also provided by The California Endowment’s BHC partners.

Desert Connect Program (“DC”)

The Organization’s Desert Connect Program originated as an expansion of the TAP Program and has grown into a bridge between TAP and the Grant Allocations Program. DC focuses on identifying existing projects, ideas for new projects and collaborations, identification of TAP needs and provision of TAP services where needed, building leadership within the resident families to enable “helping themselves” in improving their communities as volunteers, and the identification of means for sustainable funding/development for local projects. The Desert Connections Program is funded by monies received annually from the County of Riverside. Other funding sources for this program include separate program-specific grants from The California Endowment and Riverside County.

Other Grants and Programs

Other grants and programs are funded through a variety of grants and contributions including AmeriCorps funding from The California Endowment and Kern County Superintendent of Schools, a series of Summer Grants and emergency grants to organizations with shortfall in funding due in part to the economy having an impact on their fund raising, matching funds to enable larger grants, etc.

The costs of providing the Organization’s various program and support services have been summarized on a functional basis in the statement of functional expenses. Accordingly, certain costs have been allocated among the program and support services benefited.

NOTE 2 - INVESTMENTS

The Organization’s investments in at June 30, 2014 are as follows:

	<u>Cost</u> <u>Basis</u>	<u>Unrealized</u> <u>Gains (Losses)</u>	<u>Fair</u> <u>Value</u>
Mutual Funds	<u>\$1,027,152</u>	<u>\$41,917</u>	<u>\$1,069,069</u>

	<u>Fair Value</u>	<u>Level 1</u>	<u>Fair Value Measurements Using Level 2</u>	<u>Level 3</u>
Mutual Funds	<u>\$1,069,069</u>	<u>\$1,069,069</u>	==	==

NOTE 3 – BENEFICIAL INTEREST IN ASSETS HELD BY COMMUNITY FOUNDATIONS

In July 2013, the Organization transferred unrestricted funds totaling \$2,000,000 to two community foundations, Desert Community Foundation and The Community Foundation. These assets were transferred to the community foundations under reciprocal transactions. The Organization specified itself as the beneficiary and accordingly, the funds transferred to the community foundations have been reported as an asset, *Beneficial Interest in Assets Held by Community Foundations*. Under the Organization's agreements with the two community foundations, the community foundations will hold, manage and reinvest the funds, shall collect the income and shall pay and disburse the net income and principal to the Organization for use by the Organization in its charitable, tax-exempt purposes. Accordingly, the Organization has reported such funds and the related income as unrestricted assets in the accompanying financial statements. Income payments received during the year on these funds are reported as unrestricted investment income. Change in the value of the funds at the community foundations are reported as unrestricted Gains or Losses. Activity in the Organization's funds held at community foundations was as follows:

	<u>Desert Community Foundation</u>	<u>The Community Foundation</u>	<u>Total</u>
Beginning of the Year - July 1, 2013	--	--	--
Funds Transferred During the Year	\$1,000,000	\$1,000,000	\$2,000,000

Fund Balance - June 30, 2014	<u>\$1,120,173</u>	<u>\$1,130,849</u>	<u>\$2,251,022</u>

At June 30, 2014, the fair value of the Organization's beneficial interest in community foundations is the same as the fund balances and is measured using Level 3 Inputs – Valuations based on estimates using the best information available.

Property and equipment at June 30, 2014 are comprised of the following:

Office Equipment and Furniture	\$ 55,330
Computer Equipment	<u>56,341</u>
	111,671
Less Accumulated Depreciation	<u>(83,570)</u>

AmeriCorps	\$ 9,229
Other Grants	<u>3,879</u>
Total	<u>\$13,108</u>

As discussed in Note 1 above, the Organization receives an annual funding of tax increment from the County of Riverside. The annual tax increment is computed by the County and the County remits the funds to the Organization on a semi-annual basis. At June 30, 2014, outstanding funding receivable from the County totaled \$815,248. \$787,360 of this balance was received in August 2014 and the remaining balance of \$27,888 is expected to be received in January 2015.

The Organization is party to an agreement with the County of Riverside entitled "County of Riverside Service Agreement" dated August 16, 1994 ("County Agreement") pursuant to which the County agreed to distribute to the Organization certain sales tax funds received by the County. The County's Governmental Revenue Sharing Agreements with the City of Palm Desert (the "City") contains a provision that the City shall pay to the County the amount of redevelopment "tax increment that is equal to the amount of sales taxes paid to the City from the redevelopment site" (the "Alternative Funding Provisions").

The County Agreement provided for an initial one-year term, but renews automatically "each year on July 1, unless the County notifies the Organization of its intent to terminate pursuant to Section 5 of the Agreement" (allowing for termination upon 30 days written notice). Based upon the fact that no such termination notice has been received by the Organization, and the fact that the Agency Agreement can be terminated prospectively upon written notice, management is of the opinion that the Organization accrues the right to receive sums due under this Agreement as and when the County accrues the right to receive the applicable tax increment upon which payments to the Organization are based. Accordingly, as described in Note 5 above, the Organization has recorded a receivable of \$815,248 from the County at June 30, 2014.

NOTE 6 - FUNDING FROM THE COUNTY OF RIVERSIDE (Continued)

Since July 2004, the City had withheld (reduced) the amount of funds transferred to the Organization by 0.25 percent from the original agreed funding level. This reduction was a result of a process known as “Triple Flip” which was used as a means to balance the State budget. Due to prior uncertainty associated with the recovery of “Triple Flip” funds withheld by the City, such funds were not recognized as support in the Organization’s financial statements for years in which those funds were withheld. During the prior fiscal year ended June 30, 2013, the City and the County reached an accord that these funds were due to the Organization. Under a settlement agreement, previously withheld “Triple-Flip” funds totaling \$2,675,800 were received by the Organization during the prior year and were included in the Organization’s statement of activities and changes in net assets for the prior year ended June 30, 2013.
