

We commend the Imperial Irrigation District for its long-term relationship with Greenleaf and Desert View Power and strongly encourage your Board to both continue and grow this partnership well into the future, as the facility plays a critical role in the ever-changing nature of both energy delivery and environmental stewardship. Thank you for your consideration and for your service to the community and best regards.

Sincerely,

A handwritten signature in black ink that reads "Leticia De Lara". The signature is fluid and cursive, with the first name being the most prominent.

Leticia De Lara  
CEO
